

FLTR Coffee's Generosity Statement

We believe people are worth investment of time, energy, and money!

Our dream is that our passion for coffee and community will allow us to help others grow and achieve their dreams. We believe the Creator hard wired many of us with dreams and gifts that will help our neighbourhood and town flourish. Therefore, we will reinvest our profit and other resources into people to produce lasting solutions to genuine problems.

We invest in people who fully meet *one or more* of these descriptions:
